

GLIMPSES OF HOME PLACE

October 2015 - May 2016

About the project

This international project is focused on getting to know and introduce natural and cultural heritage sites of our students home places. With the help of ICT and different tools, lots of creative activities inspired by the sites will be carried out. Students aged 11-14 from Estonia, Finland and Lithuania will communicate and collaborate together.

Working language is English.

Aims

- to raise students' culture awareness and broaden their horizons;
- to improve both students' and teachers' computer and ICT skills;
- to encourage an international friendship;
- to improve students' and teachers' foreign language and communication skills;
- to enhance students' creative writing skills;
- to enlarge students` knowledge of natural and cultural sites of their home place;
- to learn about natural and cultural sites of the partner countries.

Integrated Subjects

Art,

Geography,

IT,

History,

Culture,

Foreign

Languages

Activity Plan (1)

- creating logo for the project uploading logos in TwinSpace Album voting for the best logo (tricider.com) to find the one for the whole project.
<http://www.tricider.com/admin/2tIO0OfkCqt/9HSsC2HcOqf>
- introducing schools and participants (name, age, hobbies, some facts about school) with the help of Padlet
<https://twinspace.etwinning.net/files/collabspace/4/04/104/11104/files/ae10fa3b.pdf>
<http://padlet.com/eretumm123/Group4>
- international groups taking 10 photos of the natural and cultural heritage places of the home place uploading photos in TwinSpace album.

Activity Plan (2)

- creating a photoshow of ten photos and a poem (PhotoPeach.com)
- introducing natural and cultural heritage places, video (tellagami.com, powtoon.com, animoto.com, ect.)
- watching each others' videos, commenting, asking questions
- creative writing: creating legends
- creating an eBook
- evaluation

Results

The final product of the project will be eBook containing all the materials created during the project (photos, legends, videos).

All partner schools will upload materials in the project TwinSpace.

The expected outcome related to the aims of the project

At the end of the project pupils will understand the importance of natural and cultural heritage sites of their own as well as their partners home places. In preparing and developing the activities, both pupils' and teachers' ICT knowledge will improve together with understanding, social communication and use of language.
